

MINUTES
PML Aero Club Monthly Meeting
November 14, 2009, 9:30am to 11:00am
Jobe Hanger

Attendees: Leon Liebster, Bob Hornauer, Dennis Smith, Steve Martin, Dave Morgan,
and Jim Goodrich
Guests: Michael Lindeburg and Larry Jobe

- I. Discussion and Actions
- a. Membership
- i. Fixed Dues: We currently have 7 active members, which is not enough to cover our fixed expenses at our current monthly fixed dues. Monthly fixed expenses run between \$1,100 and \$1,200. If we don't get new members, we will have to raise our dues from \$120 to at least \$150.
 - ii. Introductory Membership Drive: Consider an introductory membership drive with fixed dues set at \$75/month for 3 months and deferral of the \$1,000 initiation fee. After 3 months, a prospective member must make decision to join or not. We could have the \$1,000 initiation fee paid over time, say one year. Flight time would be paid at the time the flight was taken. Motion to have introductory member program passed unanimously.
 - iii. Introductory Flight: Motion to have free ½-hour introductory flight for perspective members passed unanimously. Dennis will order 10 cheap flight logbooks to give to perspective members who take the introductory flight.
- b. Getting the Word Out: We need to do more to advertise our club. The following were suggested:
1. Ad on PMLAA website
 2. Article in PML News
 3. Article on PML Voice
 4. Submit our club for approval as an official PML Association club
- c. Student Program: The idea was suggested to have a student program either with the high school or with the Boy Scouts or Girl Scouts. This suggestion was tabled until the club gets on its feet financially.
- d. Water in Fuel: Bob discussed the problem of water in the fuel and he thinks it has resulted from leaky gas cap gaskets. He ordered one new cap and new gaskets and installed them.
- II. Adjourn: 11:00am
